16.	Adult Ed Classroom	\$60,000
17.	Site & Landscaping	\$100,000
18.	Interior & Extra Signage	\$30,000
19.	Energy Efficient Exterior Finish & Window Replacement	\$175,000

Tributes & Memorials Plan

Inherent in the human heart is the desire to remember the lives of those who have influenced worthwhile causes over the generations and those whose commitments set an inspiring example today. We consider it a privilege to express gratitude and appreciation to our donors by offering this Tributes and Memorials Program associated with our capital campaign.

To designate an item as a tribute or memorial, the gift should equal or exceed the estimated cost as presented. In making such a gift, the donor recognizes the timing for construction, detail and use are not necessarily influenced by such a commitment. McCurdy leaders must retain the ability to appoint proper uses of all McCurdy facilities based upon ministry needs. Interior design will be determined by a McCurdy committee who will work with the architect.

Tribute and memorial gifts carry no obligation for maintenance of the facility, though it is hoped that the donor may consider future endowment gifts for this purpose. Tribute and memorial items are first come first reserved, so please do not delay in contacting Diana Loomis at 505-753-7221 to let McCurdy know of your interest.

Project Description

Cole High School will become Cole Adult Ministries Center. This building will house McCurdy Ministries Community Center (MMCC) administrative offices, two adult education spaces and a computer lab, a literacy coaching classroom, childcare space, a community room, a McCurdy history gallery, a dining space and a warm up kitchen.

MMCC is collaborating with Northern New Mexico College to provide adult education classes in this building starting in October of 2017. We are planning a collaboration with Rio Arriba Adult Literacy Program for adult literacy coaching in the building. Quality childcare will be provided by MMCC at no cost to students participating in these programs removing a barrier to adults seeking education.

In addition, there will be a Community Room and History Gallery. The Community Room will be open to the community for events and the History Room will honor our 105 years of McCurdy missionaries, alumni and staff serving God in the Espanola Valley.
